## There's a new set of WHEELS in town!

We said goodbye to our 2013 Sonic and hello to a 2018 Malibu. Grants from Connecticut Community Foundation, Savings Bank of Danbury

and KentPresents were part of the team to make this happen. In addition, a generous donation was made by Ingersoll Auto of Pawling. Community donations from Thrift Mart of NM, The NM Rotary Club, Walmart Community Grant and Western CT Health Network help fuel the vehicles.

Program Coordinator Thea & board member Rich are presented with the SBD donation.

## Mission Statement

The mission of **Random Hacks of Kindness Junior, Inc.** (RHoKJr) is to empower students to use technology to positively impact the challenges facing local nonprofits in their communities. We do this by hosting one-day hackathons around the state where students (4th-8th grade) are paired with computer science mentors and nonprofit representatives to develop prototype

Wheels participated in a “Kids Coding For A Cause” event with other New Milford nonprofits. Grade 4-8 students learned about our programs and then developed an app that would help us.
